Re: 2300 Hampstead - Mexico Road

To Whom It May Concern:

My name is Dixie Lee Dorsey and I am the sister of Dorothy (Dolly) Dorsey, who recently passed away. I am the Executor of my sister's estate.

My sister owned the farm at 2300 Hampstead – Mexico Road and took care of many needy horses and other animals there. When she found that she was suffering from a terminal illness she contacted Elle Williams directly to determine if Horsenet would operate a horse rescue there and take care of her horses. She verbalized to me that she knew Ms. Williams and trusted her to care for the property, her horses and operate the horse rescue. She was very clear that she wanted Ms. Williams to reside there.

It has come to my attention that there are some volunteers who are questioning why Ms. Williams is residing there. They should know that this was my sister's wish and that I feel that it is a blessing that Ms. Williams was in a situation that enabled her to move in so quickly. Please understand that, as the executor of my sister's estate, it is my intention to ensure that Ms. Williams is residing there, caring for her horses and using the property to care for other needy horses.

I hope that this message will be relayed to the volunteers and others that are questioning Ms. Williams. I take great comfort in knowing that she is there and taking care of everything.

Thank you very much for your time and consideration.

Sincerely,

Dixie Lee Dorsey
