## *Maryland Horse World Expo*

Many thanks to all the volunteers that took time out of their busy schedules to help us with the Horse Expo held in Timonium, Maryland from January 17 through January 20, 2008. We had people show up to help us set up -- Steve, Dave, Kim & Roni, people that helped with the booth -- Bonnie & Mark, Larry, Lorri, Jane, Michelle, and people that helped sell raffle tickets -- Sharon and CarolAnne.

Roni did her phenomenal face painting and several wore several different hats. Thanks too to the people that did things behind the scenes -- Sharon, Laura, Beverly, Cathy, Beth -- all the hand made things were wonderful and everyone loved the chocolates! With everyone's help it was a great success.

Also, many thanks to the volunteers for taking care of the farms during the Expo; it was instrumental in making it a success -- Cindy, Melanie, Steve, Nancy, Lonnie and Brit at 407, and Kim, Chris and Dave at QD and several others that I probably missed.

Once again, many thanks for Kris Morris and her family for putting on the "Oldies but Goodies Demo" at the Expo. The crew is -- Sandy Lowery, Laurie & Luke Gallagher, April Miskemon, Dennis Reimann, Kris, Harrison, Jacque Morris, and this year Karen Roop and her family. We have had several people actually start looking forward to seeing the older horses "strut their stuff." These older HorseNet horses have moved on to permanent homes and come back to show people that 24 is 2x as good as 12....30 - well, you do the math as to how great that is!

Bernie Mac and HRH Reilly have shown for us for several years -- this year they were joined by Cisco -- that older does not mean they are used up! It's fun to see the older horses that have shown in their former lives not wanting to leave the show ring....because they enjoy all the attention, the applause and the ability to hold their head high, shove out their chest and shine for all they are worth....yet again. It is amusing to hear the comments from people that they find it extremely difficult to believe that they are all almost 30 or already surpassed it. Cisco even had someone offer to buy him, but thought that she couldn't possibly afford him -- he was such a wonderful horse, even being blind in one eye. Karen told her that even if she could afford him -- he would never be for sale.

Many thanks!
